PROFESSIONAL SUMMARY

Creative Content Strategist and AI UGC Specialist with 3 years of experience crafting high-impact digital content and AI-powered solutions. Expert in User Generated Content (UGC) strategy for e-commerce and lifestyle brands, short-form video production, and AI-driven marketing automation. Proven ability to combine creative storytelling with cutting-edge AI tools — from scriptwriting and video editing to building full AI automation systems.

CORE COMPETENCIES

- **AI-Powered Content Generation:** Advanced prompt engineering, AI image/video generation (Midjourney, DALL-E, Runway), AI-assisted script & copywriting
- **UGC Strategy & Production:** Beauty/skincare UGC content, e-commerce conversion-focused content, brand storytelling, authentic social proof creation
- **Short-Form Video Production:** TikTok, Instagram Reels, YouTube Shorts — scripting, filming direction, editing (CapCut, InShot), trend optimization
- **Social Media Management:** Content strategy, platform-specific optimization, audience growth, engagement analytics, content calendar planning
- **AI Automation & Workflow:** AI chatbot & virtual assistant development, AI receptionist systems (call+chat), workflow automation, process optimization
- **Scriptwriting & Storytelling:** Viral hooks, narrative structures, platform-native content formats, brand voice development
- **Graphic Design & Visuals:** Canva, thumbnails, social media graphics, brand visuals, basic multi-platform design

EXPERIENCE

Brandfit Media

2022 — 2023

Content Creator & AI Specialist

- Developed and executed content strategies for beauty and lifestyle brands across TikTok, Instagram, and YouTube, driving measurable audience engagement.
- Produced AI-optimized short-form video content — scripts, captions, and visual assets — tailored to platform algorithms and audience behavior.
- Integrated AI tools into the content workflow, reducing production turnaround while maintaining consistent brand quality and voice.

ABC Agency

2023 — 2026

Content Strategist & AI Solutions Lead

- Led AI-powered content initiatives, deploying automation tools for script generation, image production, and video editing across multiple client accounts.
- Designed and implemented AI receptionist systems (call + chat) for business client automation, improving response times and lead capture rates.
- Built and maintained ViralForge AI — a full SaaS platform automating viral content creation with self-learning capabilities (Python, SQLite, REST API).
- Developed scalable UGC strategies for e-commerce brands in the beauty and skincare verticals, optimizing content for conversion.

KEY PROJECT

Founder & Developer | viralforge-ai.surge.sh

- Built a fully functional AI SaaS platform with 10 specialized tools including AI Script Generator, Human Writer (AI-detection bypass), Social Scraper, and Deep Analysis engine.
- Implemented self-training system that learns from user feedback to continuously improve content quality — fully automated feedback loop.
- Tech Stack: Python, HTML/CSS/JS, SQLite, REST API, Surge.sh deployment.
- Self-initiated project demonstrating full-stack development, AI integration, and product thinking from concept to deployment.

EDUCATION

Higher Secondary Certificate (Intermediate)

Secondary School Certificate (Matriculation)

Completed, Dhaka, Bangladesh

LANGUAGES

English — Fluent (Professional working proficiency)

Bangla — Native (Full professional proficiency)

ADDITIONAL

- Expert-level proficiency with AI platforms: ChatGPT, Midjourney, DALL-E, Stable Diffusion, Runway, ElevenLabs, CapCut, Canva
- Self-taught developer with proven ability to build and deploy production-ready software (Python, REST APIs, web technologies)
- Deep understanding of social media algorithms, content psychology, and platform-native content formats

PORTFOLIO & WORK SAMPLES

Comprehensive portfolio of AI-generated content, video scripts, social media campaigns, graphic designs, and UGC samples available upon request. Includes work for beauty, skincare, lifestyle, and educational niches across TikTok, Instagram, and YouTube formats.
